**6th ANNUAL Symposium  
for Nurse Leaders**

September 11, 2019

Caribe Royale  
Orlando, Florida

**ANN** is heading to Orlando, Florida, for our fall conferences. Don't miss this exceptional program!. Network with neonatal nurses from across the country. Enhance your knowledge and energize your practice as you learn from expert speakers. Connect with friends at social events, make new friends, and interact with industry representatives in the exhibit hall. There is nothing like the experience of a live conference!

Orlando is home to more than a dozen theme parks. Chief among its claims to fame is Walt Disney World, comprised of parks like the Magic Kingdom and Epcot, as well as water parks. Walt Disney World area is just 1.5 miles from the conference hotel. Complimentary shuttles to the Disney Transportation Center are available. Special-priced Disney discount tickets are available to our attendees. (Visit the ANN Conference website to purchase.) Universal Orlando offers Universal Studios and Islands of Adventure, with the Wizarding World of Harry Potter straddling both. For a less adrenaline-pumping afternoon, enjoy the quiet natural beauty of the Harry P. Leu Gardens or a seaweed scrub at a luxury day spa. Savor fresh and local ingredients at one of Orlando's James Beard-nominated restaurants.

### Choose the Conference That Works for You!

We provide two conferences for neonatal nurses. Each conference provides a variety of general and concurrent sessions. Explore the programs and decide which conference best meets your needs. Join us in Orlando for exceptional programs and return to your unit motivated and inspired!

- The Neonatal Nurses program is designed for all levels of neonatal nurses from the novice nurse to the experienced practitioner.

- The Advanced Practice Neonatal Nurses Conference is designed for NNPs, CNSs, and experienced staff nurses.

### Statement of Purpose

The purpose of this conference is to provide clinically current information on the technical, medical, and nursing aspects of neonatal care as well as the legal and ethical implications related to that care. The educational sessions provide information to nurses and other health care professionals who care for newborn, premature, and ill infants and their families. Specific objectives for each presentation will be listed in the conference program materials.

### Continuing Education

Attendees may earn up to 28 contact hours for this conference, based on a 60-minute hour. (The main conference sessions provide 14 contact hours, preconference sessions up to 6.5, and poster sessions up to 7.) Participants must be registered for the conference, attend at least 90% of each session, and complete the online evaluations to earn continuing education contact hours.
