**5th ANNUAL Symposium for Nurse Leaders  
Preconference Sessions**

**September 5, 2018**

**Hyatt Regency, New Orleans**

*Enthralling, captivating,* and always a good time! And this year New Orleans is celebrating its 300th anniversary! ANN is excited to take this conference back to one of our most popular destinations. Come and experience New Orleans with ANN! New Orleans is one of the world's most culturally and historically rich destinations. Experience all of the Big Easy's greatest charms. Steeped in a history of influences from Europe, the Caribbean, Africa, and beyond, New Orleans is home to a truly unique melting pot of culture, food, and music. You'll find bowls filled to the rim with gumbo, late nights in jazz clubs, strolls through historic neighborhoods, and festivals and parades throughout the year.

Explore our exceptional program, interact with renowned speakers and your colleagues, join in lively and informative poster sessions. This year, the Mother Baby conference features podium presentations. Learn what colleagues are doing at their institutions to solve problems and improve care or find out about the latest research. Return to your unit motivated and inspired to provide the best care for your patients and their families. See you in New Orleans!

## Statement of Purpose

The purpose of this conference is to provide current and clinically applicable information for prenatal, intrapartum, and postpartum care of the mother as well as infant care, both in the hospital and through transition to home. The educational sessions provide information to nurses and other healthcare professionals who care for the expectant and postpartum mother and her newborn. Specific objectives for each presentation will be listed in the conference program.

## Continuing Education

Attendees may earn up to 28 contact hours for this conference, based on a 60-minute hour. (The main conference sessions provide 14.5 contact hours, preconference sessions up to 6.5, and poster sessions up to 7.) Participants must be registered for the conference, attend at least 90% of a session, and complete the online evaluation to earn continuing education contact hours.

The Academy of Neonatal Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The provider, the Academy of Neonatal Nursing, is approved by the California Board of Registered Nursing, Provider #CEP 6261; and Florida, Provider #FBN 3218, content code 1300, CE Broker #50-3006.

## Keynote Address and Welcome Reception

This year the conference opens on Wednesday evening with our keynote speaker Dr. Stephen Patrick. The opioid crisis affects all levels of nursing practice. Join with your colleagues to learn more about this important, timely topic.

**4:30–5:30 PM**

**100 Improving Outcomes for Pregnant Women and Infants Impacted by the Opioid Crisis** **MNN 1 INP 3 LRN 3**

*Stephen Patrick, MD, MPH, MS*

Dr. Stephen Patrick is an acknowledged expert in the area of opioid use and abuse. He has researched and published widely on the opioid epidemic and neonatal abstinence syndrome. Dr. Patrick previously served as Senior Science Policy Advisor to the White House Office of National Drug Control Policy and has testified before Congress on the rising numbers of newborns being diagnosed with opioid withdrawal after birth. He was consultant for the Substance Abuse and Mental Health Services Administration's publications "A Collaborative Approach to the Treatment of Pregnant Women with Opioid Use Disorders," and "Advancing the Care of Pregnant and Parenting Women with Opioid Use Disorder and their Infants: A Foundation for Clinical Guidance." Dr. Patrick discusses the rise of opioid-related complications among pregnant women and infants and a comprehensive approach to improve outcomes for the dyad.

8:15–9:15 AM

## 141 **Connecting the Dots: Your Work and Your Real**

**Mission** **MNN 4** **INP 6** **LRN 5**

*Mary B. Chauvin*

The nursing profession covers numerous job descriptions and has been described as the heart and soul of health care. It requires integrity, advocacy, innovation, effective communication, quick decision making, and more. Staying focused on the work at hand and the real mission is a challenge in the current climate of high demand, ever-changing, healthcare requirements. Ms. Chauvin helps restore the heart and soul of this noble profession through mission identification and alignment. Leave rejuvenated and inspired to continue the calling of being “the most trusted health care professionals” in the business!

9:15–10:15 AM

## 142 **We Are the Patient Experience: Every Patient, Every Interaction, Every Time** **MNN 4** **INP 6** **LRN 5**

*Wendy Singleton, MSN, APRN, ANP-BC*

Achievement of an exceptional patient experience requires engagement and accountability of staff members at all levels. Ms. Singleton describes how a decentralized patient experience structure supports nationally recognized achievements in patient experience.

10:15–11:15 AM **Exhibits and Posters Open (Coffee, Tea)**

11:15 AM–12:15 PM

## 143 **Powerful Words: “I am Your Nurse”** **MNN 4** **INP 6** **LRN 5**

*Nan Troiano, MSN, RN-C, NE-BC*

When we say: “I am your nurse,” it is so much more than an introduction! Ms. Troiano examines the power of these words. Examples are given to illustrate this commitment and responsibility.

12:15–1:45 PM **Lunch provided by ANN in Exhibit Hall—Exhibits Open and Poster Viewing**

1:45–2:45 PM **A Workshops (Concurrent Sessions)**

## 151 **Trauma in Pregnancy** **MNN 1** **INP 3** **LRN 1**

*Nan Troiano, MSN, RN-C, NE-BC*

Trauma in pregnancy presents unique challenges to healthcare providers. Essential clinical elements are described including mechanisms of traumatic injury, principles of triage, and initial and ongoing assessment of the mother and fetus. Case examples illustrate key points.

## 152 **The Birth Plan Says What?! Navigating Patient Expectations** **INP 2**

*Pam Mathews, MSN, RNC-NIC*

Families create a written birth plan to communicate their wishes and expectations to the healthcare team. Nurses must collaborate with patients regarding the details of the plan to provide safe and ethical care. Ms. Mathews discusses ways nurses can overcome challenges in implementing the plan to achieve positive outcomes and a satisfying birth experience for the family.

## 153 **Baby Friendly: How Do You Make It Friendly?**

**MNN 4** **INP 6** **LRN 5**

*Cheri Johnson, RNC-OB, BSN*

The Baby Friendly Hospital Initiative is a culture shift in most organizations. Learn how a hospital that delivers over 8,200 babies a year (that’s nearly 1 an hour, every hour) was successful in making the culture shift in less than 18 months while being sensitive to the patients, nurses, and physicians. Bring your questions and experiences, learn how to achieve the culture you desire.

## 154 **Resilient Nurses? You Bet!** **MNN 4** **INP 6** **LRN 5**

*Tracy Nicolosi, RNC*

*Chrystal Deslatte, RN*

Our speakers guide you in identifying areas of occupational stress. They discuss the struggle between balancing personal self-care needs and keeping up with the demands of the workplace. Stress relief tools are demonstrated and discussed.

3:00–4:00 PM **B Workshops (Concurrent Sessions)**

## 161 **Case Studies in Fetal Monitoring** **INP 1**

*Nan Troiano, MSN, RN-C, NE-BC*

Fetal heart rate tracings in high-risk and critical-care pregnancies are presented and interpreted. Integration of maternal and fetal status is reinforced.

## 162 **The Cardiac Baby: One Baby, Two Baby, Red Baby, Blue Baby** **MNN 3** **INP 5** **LRN 3**

*Michael R. Brumund, MD*

Dr. Brumund explains the terms used to describe cyanosis and congenital heart disease. He identifies points used to differentiate between respiratory and cardiac causes of cyanosis and explores important features of the clinical assessment for congenital heart disease.

## 163 **Family-to-Family Support Network: The Unique Family Care Model** **MNN 4** **INP 6** **LRN 5**

*Emily Stevens, LCSW-BACS*

*Ashley Mendoza*

With an initial focus on adoption and surrogacy, the Unique Family Care Model can apply to many patient populations needing modified care because of complex social situations. Our speakers share their hospital’s current journey in adopting the Family-to-Family framework.

## 164 **Podium Presentations** **MNN 4** **INP 6** **LRN 5**

*Multiple Presenters*

Peer-reviewed abstracts have been selected for podium presentations. These presentations will bring you up-to-date on innovative research and clinical practice projects. Discover what your colleagues from across the country are doing as they share their unique experiences. A balance of clinical, research, and education-themed abstracts are presented.

**7:30–8:00 AM** Coffee and Tea Service

**8:00–8:15 AM** Announcements

**8:15–9:15 AM**

**241 Telephone Triage in Perinatal Care** **MNN 4 INP 6 LRN 5**

*Patricia McMullen, PhD, JD, CNS, WHNP-BC, FAANP, FAAN*

A significant amount of nurses' time may be spent on the telephone. Dr. McMullen describes how to establish a sound telephone triage system. She discusses legal and licensure issues that need to be considered.

**9:15–10:15 AM** Last Chance to Visit Exhibits (Raffle, Coffee and Tea)

**10:15–11:15 AM**

**242 Assessment of the Dysmorphic Infant** **MNN 3 INP 5 LRN 2**

*Sherry W. Langston, APRN, PNP-BC*

Genetic disorders often have well-recognized characteristics. However, some conditions will have less noticeable features. If you can recognize dysmorphic features early, then appropriate, targeted, genetic testing can be done. This can lead to timely diagnosis and earlier and more effective management. Ms. Langston takes you through recognizing, diagnosing, and managing these infants.

**11:15 AM–12:15 PM**

**243 STIs in Pregnant Women: Screening, Management, and Prevention** **INP 3**

*Christine Brennan, PhD, NP-BC*

Sexually-transmitted infections (STIs) are common in pregnant women. Pregnant women must be screened appropriately, repeatedly, and treated promptly to prevent long-term complications and transmission of disease. Dr. Brennan discusses current recommendations for screening and treatment of STIs in pregnant women, identifies potential screening barriers to ensure that standards are met, and describes strategies that clinicians can use to overcome such barriers and assure the health of both mother and infant.

**12:45–1:45 PM** Lunch on your own

**1:45–2:45 PM** C Workshops (Concurrent Sessions)

**251 Legal Ps & Qs** **MNN 4 INP 6 LRN 5**

*Patricia McMullen, PhD, JD, CNS, WHNP-BC, FAANP, FAAN*

Legal liability remains a challenge in nursing practice. Dr. McMullen provides an overview of key legal concepts and employs a case study approach to address key areas of liability for those providing care to women and infants.

**252 Maternal Mood and Anxiety Disorders**

**MNN 4 INP 4 Rx 0.25**

*Renee Bruno, MD*

Postpartum depression is an umbrella term that can limit understanding of the spectrum of mood and anxiety symptoms that may occur in the peripartum period. Dr. Bruno discusses the nurse's role in early identification of symptoms and treatment of mood disorders.

**253 Breastfeeding Challenges: Decreasing Disparities in Care** **MNN 3 INP 4 LRN 2**

*Portia Williams, RN, BSN, IBCLC*

Ms. Williams identifies disparities, cultural beliefs, and medical practices that serve to prevent mothers from breastfeeding. Culturally relevant care solutions are discussed.

**3:00–4:00 PM** D Workshops (Concurrent Sessions)

**261 Postpartum Hemorrhage: What's Your Superpower?**

**MNN 2 INP 4**

*Alianna Arena, BSN, RNC-OB*

As the battle of postpartum hemorrhage rages on, the challenge of improving patient outcomes through evidence-based strategies continues. Although these tactics are proven as successful defense tools, limitations continue to prevent implementation. Incorporate simple, achievable strategies that can easily enhance your nursing defense and improve patient care. Learn effective mechanisms to boost your superpower and begin your journey to defeating postpartum hemorrhage with every patient, every time!

**262 The Art (and Science) of Laboring** **INP 2**

*Marirose Bernard, MN, RN*

Laboring a patient is both an art and a science. And, of course, it's more than looking at the maternal-fetal monitor! A back-to-basics approach will be used to integrate the mechanisms and physiology of labor with various comfort measures, tools, and techniques to labor a woman effectively. Learn how to assess labor progress using non-invasive parameters. These techniques are applicable for both unmedicated and medicated labors and births.

**263 When Transition Fails: Quickly Treating the Six H's**

**MNN 3 INP 5 LRN 3**

*Maureen Gordon Shogan, MN, RNC*

Cardiac and pulmonary transition from fetus to neonate is a complex process. When this process fails in the term or late preterm infant, systemic changes can result. Potential causes, presentation, and expeditious nursing actions required for the move to a higher level of care, will be creatively discussed.

**264 Podium Presentations** **MNN 4 INP 6 LRN 5**

*Multiple Presenters*

Peer-reviewed abstracts have been selected for podium presentations. These presentations will bring you up-to-date on innovative research and clinical practice projects. Discover what your colleagues from across the country are doing as they share their unique experiences. A balance of clinical, research, and education-themed abstracts are presented.

**4:00–5:15 PM** Poster Viewing Reception **MNN 4 INP 6 LRN 5**

Join us for appetizers and a cash bar during this dedicated poster session. Poster presenters will be present to discuss their research or projects and answer questions.

## Call for Abstracts

We invite you to submit a Poster or Podium abstract for this conference.

Posters and podium presentations offer the perfect avenue to network, exchange ideas, and improve the quality of nursing education for neonatal nurses.

See [academyofneonatalnursing.org](http://academyofneonatalnursing.org) for details. Submission deadline is

**June 15, 2018.**

**7:30–8:00 AM** Coffee and Tea Service

**8:00–8:30 AM** Announcements, Awards and Raffle

Combined Sessions with Neonatal and Advanced Practice Conferences

**8:30–9:30 AM**

**301 Culture of Safety or Combat Zone? Tackling Causes and Solutions for Violence in the Hospital**

**MNN 4 INP 6 LRN 5**

Jacalyn Hardy, MS

Violent behavior toward nurses, physicians, and hospital staff members is an occupational hazard that every hospital encounters, particularly for frontline staff. Almost half of all workplace violence occurs in the healthcare setting, yet there is little consensus on how to address this problem. Ms. Hardy explores the risk factors for and causes of workplace violence and looks at prevention, regulations, and solutions that can help keep nurses in the business of caregiving, not combat.

**9:30–10:30 AM**

**302 Marijuana/Cannabis: “Weed to Know” Issues for Care Providers and Patients**

**MNN 1 LRN 1 Rx 0.25**

Maureen Gordon Shogan, MN, RNC

What is the difference between THC and CBD? Is there a high with medicinal marijuana? How does cannabis use in pregnancy affect the fetus? What are potential outcomes of using cannabis when breastfeeding? Learn how to educate parents about cannabis, using evidence that supports your teaching.

**10:30–10:45 AM** Coffee and Tea Service

**10:45–11:45 AM**

**303 The Limits of Viability: Making End-of-Life Decisions at the Beginning of Life**

**MNN 4 LRN 5**

Bryan Darling, MD

Dr. Darling discusses the difficult, yet very important responsibility of counseling parents prior to the delivery of extremely premature infants that are bordering on the limits of viability. An overview of medical ethics is given before describing the added ethical dilemmas with regards to the extremely premature infant, including the role of the parents as the decision makers in this emotion-charged setting.

**11:45 AM–12:45 PM**

**304 Aspire to Transform**

**MNN 4 INP 6 LRN 5**

Michele Deck, RN, BSN, MED, LCCE, FACCE

Healthcare professionals are asked to transform many times in their careers. This session focuses on how to transform your teaching with creative methods, and how to ROCK your personal and professional opportunities for growth and transformation. Michele will leave you inspired to transform!

**12:45–1:00 PM** Evaluation Instructions and Concluding Remarks
